

# Asian Neuropsychological Association

## Verification of Training

“Student/Trainee Membership” is a trainee at the undergraduate, graduate, intern/resident, or postdoctoral level who is working towards a graduate degree in psychology or medical degree from an accredited university and requires:

1. Current enrollment in a university, doctoral program, or a postdoctoral level training program in psychology or a medical degree
2. In good standing within the academic program of enrollment or current clinical training site (if applicable)
3. Have active professional interests in clinical neuropsychology (i.e., formal coursework, clinical experience, and/or professional activities)
